客户评价

I feel so fortunate to have learned from Diana Ye. She is not only highly professional and knowledgeable about the Bay Area real estate market, but also incredibly warm, patient, and wise. She always takes the time to explain things clearly and never makes you feel rushed or pressured. Her guidance is thoughtful and supportive, creating a learning environment that feels encouraging rather than overwhelming. If you are looking for a mentor who combines expertise with kindness, I wholeheartedly recommend her.

Cindy C.

Being Diana's mentee as part of her team, Diana has always been a pillar of support for me in every different kind of situation: critical offer negotiations, questions about inspection reports, what to say during buyer consultations, or contract law details. She is always available as a resource during the daytime or night, even if you just need a word of encouragement - she brings a sense of calming presence when things seem to spiral out of hand. I especially prefer her hands on approach, acting as a guide to keep you on track but letting you have the freedom to carve your own real estate path. I have my own ideas about how to approach different marketing methods and building client networks, and Diana has always supported my endeavors while keeping me on track. I believe if you want to be a well rounded top agent the right way, then there is no better opportunity than joining Diana's elite team.
